New Launch

New Arrival

Just like the classic 1969 Chevrolet Camaro Z28, this highly accurate collectible LEGO® model car comes with a host of options so you can personalize your car, your way. With the roof or convertible? Classic or hideaway front headlights? White, gray or red racing stripes? The choice yours. But this car's impressive looks are just the start. Authentic features include a detailed V8 engine, working steering and opening doors, plus opening hood and trunk.
